

Report on the application of Articles 16&17 - STATISTICAL STATEMENT

Instructions for use	1) Move to the " TV Channels " sheet and enter your data (see detailed instruction below). 2) Identify Exempted Channels for the reference period (2013 & 2014) and provide justification for exemptions
TV Channels sheet	
Broadcaster, channels	A pre-filled list of channels is established on the basis of data available on the MAVISE database of the European Audiovisual Observatory. Additional channels can be added freely by inserting rows.
Type	Choose between: generalist, fiction, cinema, children, documentaries, other.
EW	European Works as a percentage of Total Qualifying Time (please enter NO if the channel was non-operational, enter NC if no data is available or EX in case of specific exemption for a given year, in accordance with the provisions of the directive. Channels totally exempted over the whole period should not be reported here but in the exempted channels sheet)
IP	European Works made by Independent Producers as a percentage of Total Qualifying Time (please enter NO if the channel was non-operational, enter NC if no data is available or EX in case of specific exemption for a given year).
RW (%IP)	Recent European Works as a percentage of total European Works made by Independent Producers (please enter NO if the channel was non-operational, enter NC if no data is available or EX in case of specific exemption for a given year).
Exempted channels sheet	Please identify channels that were exempted for the whole reporting period
Type	Choose between: News, Sports, Games, Advertising, Teleshopping, Teletext, Other.
Justification	If 'Other' type is selected, please enter the justification for exemption
Audience Share	Enter audience share as a percentage for channels exempted from the reporting obligation.
Justification	If audience share is above the threshold (0,3%), please enter the justification for exemption
	A list of pre-excluded channels is available on a separate sheet. Channels where information is insufficient to determine if the channel should be excluded on the basis of the abovementioned types are highlighted in yellow by default (channels which may be exempted due to their type or on the basis of articles 18, 2(6) or recital 72 of AVMSD).
<i>Note on pre-filled data</i>	Channels can be moved between sheets as appropriate. The pre-filled data is only included with a view to lighten your workload.
<i>Note on local channels</i>	Local channels are exempted under the conditions set out in article 18 of AVMSD: "television broadcasts that are intended for local audiences and do not form part of a national network";
